

To whom it may concern: I enjoy traveling via the wide open road. XM radio was the best purchase i made for my trips. I can listen to all of my favorite music and i can get instant updates on weather and traffic that I may be driving right into. I pay for my XM service and I believe that the weather and traffic is a step in the right direction for unheard of customer service. I personally believe that the bill, HR4026, is a waste of time and money. I oppose this bill and I hope that all do.
